

SOUNDS FOR INDOOR ENVIRONMENT VOL. II

KITCHEN

Sound Libraries have an important role in audio/video synchronizations for cinema.TV stations, operators and editors can use such catalogue to find perfect soundscapes for their images. These products are simply to be recognized because they share the same graphic style. Every title and piece of music is very descriptive for images thanks to their nomenclature. "MUSIC FOR" identifies music project composed by a specific author, indeed 'SOUNDS FOR ...' identifies a project for DVD-ROM full recorded at 192Khz/24bit with specific fx for synchronization.
